EDUCATION

Dr.KV SubbaReddy Womens Engineering Collage,Kurnool   **2020 − 2023**
B.Tech- **CGPA** - **7.5**   *Andhra Pradesh*

PROJECTS

Landing Page ⤴ | HTML,CSS and Javascript(development), VS Code   **2023**

- A landing page is a standalone web page created specifically for a marketing or advertising campaign. Landing pages aim to maximize the conversion rate by guiding visitors towards the desired outcome efficiently..

Youtube clone ⤴ | React Js   **2024**

- Creating a YouTube clone website involves building a web application that mimics the functionality and design of YouTube. This project requires a good understanding of HTML, CSS, and JavaScript to handle the structure, styling, and interactivity, respectively.

Temperature converter website ⤴ | JavaScript, CSS, HTML, Visualisation   **2024/**

- A temperature converter website built with HTML, CSS, and JavaScript allows users to input a temperature value in one unit (such as Celsius) and convert it instantly to another unit (like Fahrenheit or Kelvin).

INTERNSHIP

CodeAlpha ⤴   **06 2024 − 09 2024**
